

F18 H

STRUCTURAL FIRE HELMET

The F18H Haloflex™ Traditional Fire Helmet delivers exceptional comfort and cutting-edge impact protection technology. Engineered for maximum safety, it features a revolutionary design that allows for tool-free maintenance and an effective decontamination process.

FEATURES & BENEFITS

- 1 ENHANCED IMPACT PROTECTION**
Haloflex™ liner system, inspired by concussion-prevention technology, delivers superior shock absorption compared to traditional designs.
- 2 LIGHTWEIGHT & DURABLE**
Fiberglass-reinforced composite shell provides exceptional strength and heat resistance without sacrificing comfort.
- 3 ERGONOMIC COMFORT**
Balanced design minimizes neck strain, ensuring firefighters stay comfortable and focused during extended operations.
- 4 EFFORTLESS MAINTENANCE**
Tool-free component removal enables quick cleaning and decontamination, ensuring maximum hygiene and longevity.
- 5 ONE-TOUCH EYE PROTECTOR (OTEP™)**
Integrated clear internal visor allows for quick, effortless deployment and stowage, ensuring seamless eye protection.

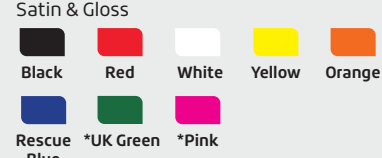

Product Certifications

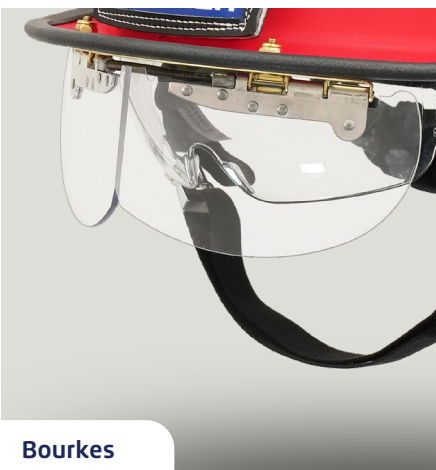

- NFPA 1971:2018 Structural Fire
- NFPA 1971:2018 Eye Protection
- ANSI Z87.1:2020 Eye Protection
